

## Autio GHP Grinder

Autio Gear Head Pulley (GHP) Model Grinders provide trouble-free production, hour after hour. The GHP model features both a gearbox and pulley drive for reliable performance and flexible drive train configuration. The GHP grinder is available in 8" and 11" plate sizes and a variety of finishes, including stainless steel, to satisfy USDA specifications. All GHP model grinders can be fitted with the Autio Positive Displacement Pump to grind and transfer your product in one application.

High capacity hopper, high performance

Dependable Falk Gear Box reduces downtime

Gear box and pulley system allows varying speeds and RPM for maximum flexibility

Available in 2 plate sizes

Fully shrouded motor and gearbox

### 7 Reasons Why you get greater production at lower cost with AUTIO Grinders

1. **Big Capacity** . . . hopper holds up to 100 lbs at a time.
2. **Faster Feeding** . . . automatically without clogging or jam-ups.
3. **No Heat Build-up** or product "cooking".
4. **Complete grind control** with patented screw and barrel design.
5. **Quick Clean-up** to meet all U.S.D.A. standards.
6. **Greatest Flexibility** . . . 25 thru 100 HP motors with varying feeds and rpm.
7. **Real dependability** and no down-time with Falk Gear Box design.
